FROM YOUR BOARD PRESIDENT

Greetings to all!

We can all agree that we are finally entering the best season of all, with lower temperatures and more things to do with our friends and families. At the same time, we are almost at the end of a year that was full of difficult things happening around us and in so many places around the world. Nevertheless, we can remain hopeful that better days will come and that we can still enjoy life the best way we can.

As residents of Casa Loma, we take pride in our community. We live in a beautiful place we like to call home, and with the elections for the Board of Directors just around the corner, we all need to work together to ensure that new board members are elected and installed so Casa Loma can become once again a vibrant and thriving community. For this reason, I would like to encourage our Casa Loma shareholders to come out and vote for the candidate of their choice, knowing that our current Board of Directors is working very hard to ensure Casa Loma can continue to be the special place that it is. If we all come together, and with a sense of purpose, there's so much more that we can accomplish.

I have learned a lot about Casa Loma by serving as Secretary of the Board of Directors, and as President of the Board for the remainder of my term. We live in a place that is worth fighting for. Our central location makes it possible for all to have access to so many interesting places in our county, and when we feel like not going anywhere, we can still enjoy going to the pavilion and enjoy the view of the pond or take a dip in the pool. My visitors always point out how quiet our neighborhood is, to which I reply, indeed!

It's beautiful out there, and the weather is changing. The best season of all is just around the corner! So, let's continue to look forward to a thriving and vibrant Casa Loma, and let's work together to make it happen!

Edmundo A Delgado, President
Casa Loma Board of Directors

FOR YOUR GOOD HEALTH

Designated in 1983 by President Ronald Reagan, November is National Alzheimer's Disease Awareness Month. At the time of designation, there were less than 2 million people afflicted with the disease; there are now nearly 6 million.

Alzheimer's disease is a type of dementia that leads to memory, thinking, and behavior problems. It is the most common type of dementia, making up 60-80% of all cases, and is the 6th leading cause of death in the United States.

Alzheimer's is a progressive disease that gets worse over time until the person is no longer able to manage daily tasks. The disease typically occurs in people over the age of 65, however, thousands have been diagnosed with early-onset Alzheimer's that occurs prior to the age of 65. While there currently is not a cure for Alzheimer's Disease, there are treatments available that slow the progression of the disease.

A goal of Alzheimer's Disease Awareness Month is to educate the public about the symptoms of the disease so that people can identify a loved one who may be developing it.

Symptoms include:

- Memory loss
- Difficulty planning or solving problems
- Confusion with time or place
- Difficulty completing familiar tasks
- Misplacing things, and inability to retrace steps
- Trouble understanding visual images and spatial relationships
- New problems with words in speaking or writing
- Decreased or poor judgment
- Withdrawal from work or social activities
- Mood and personality changes

Leading up to Alzheimer's Disease Awareness Month in November, organizations like the Alzheimer's Association organize "memory walks" to raise awareness about the disease, as well as to raise money for research. The Alzheimer's Foundation of America also promotes its National Memory Screening Program, which is available throughout the country and provides confidential memory screenings to anyone who is interested.

During the month of November and all throughout the year, being aware of the signs of Alzheimer's disease and joining in the fight against it is something we all can do.

Thanks,
Steve Long, Editor

VETERANS DAY

Veterans Day gives Americans the opportunity to celebrate the bravery and sacrifice of all U.S. veterans. However, most Americans confuse this holiday with Memorial Day, according to the Department of Veterans Affairs.

What's more, some Americans don't know why we commemorate our veterans on November 11. It's imperative that all Americans know the history of Veterans Day so that we can honor our former service members properly.

Veterans Day, formerly known as Armistice Day, was originally set as a U.S. legal holiday to honor the end of World War I, which officially took place on November 11, 1918. In legislation that was passed in 1938, November 11 was "dedicated to the cause of world peace and to be hereafter celebrated and known as 'Armistice Day.'" As such, this new legal holiday honored World War I veterans.

In 1954, after having been through both World War II and the Korean War, the 83rd U.S. Congress -- at the urging of veterans service organizations -- amended the Act of 1938 by striking out the word "Armistice" and inserting the word "Veterans." With the approval of this legislation on June 1, 1954, November 11 became a day to honor American veterans of all wars.

THANKSGIVING DINNER

Are you ready for more turkey? We didn't think so. That is why fried chicken will be the main dish at our **Thanksgiving Dinner** on Saturday, November 25th at 5 PM. We will also have non-alcoholic beverages available. There's a sign-up sheet on the door of the clubhouse. Please sign up so that we can be sure to have enough for everyone. As always, please bring a side dish to share.
